Verse 1

The world waits
For the dawning
As the world bathes
Brighter in Christmas lights
Is that joy in sight?

For a moment
We go back to
The coming
Of Promise swaddle white
Cries thru the silent night

Pre chorus

Behold the King
Who came without a crown
The offering
Of laying His own down

Chorus

The greatest gift
Came in nothing less than
Love in tattered flesh
Naked for the shame
I couldn't suppress

It's woven in
Drips of blood divine
Spilled for what was mine
Poured out for the guilt
I couldn't confess

Amazing grace wrapped in such
a
Beautiful mess

Verse 3

Now the world brakes
In the tension
Every heart aches
For hope for the hopeless soul
For peace to conquer all

In a moment
We remember
When Love reigned
Won over my own death
Down to His final breath

Pre chorus

Behold the King
Who came without a crown
The offering
Of laying His own down

Chorus

The greatest gift

Came in nothing less than
Love in tattered flesh
Naked for the shame
I couldn't suppress

Amazing grace wrapped in such
a
Beautiful mess

Bridge

Oh-o-oh
What manner of Love the Father
gave
Oh-o-oh
What manner of cost it took to
save
Oh-o-oh
TO cleanse all the mess I made

He wore the shame
Bled and drained
He broke the grave

Chorus

The greatest gift
Came in nothing less than
Love in tattered flesh
Naked for the shame
I couldn't suppress

It's woven in

Drips of blood divine
Spilled for what was mine
Poured out for the guilt
I couldn't confess

The greatest gift
Came in nothing less than
Love in tattered flesh
Naked for the shame
I couldn't suppress

It's woven in
Drips of blood divine
Spilled for what was mine
Poured out for the guilt
I couldn't confess

Amazing grace wrapped in such
a
Beautiful mess
