

# Christmas Is Callin'

Written by Cheryle Dueck, Dale Boreland, Andrew Martin

Waking up to a brand new day  
Frosty mornings coming my way  
Snowflakes painted on every window  
The sound of jingle bells on every sleigh

Everyone is spreading holiday cheer  
Oh how I wish this season lasted all through the year  
People gather wearing red white and green  
To celebrate the nativity scene

Oh hear the...

**Church bells ring**  
**Everybody's singing**  
**Christmas carols in whatever key they hear it**  
**Hopes are high, Love's in the air**  
**'Cause Christmas is callin', Christmas is callin'**

Picking out the perfect evergreen tree  
Favorite decorations enter the scene  
Bright lights and garland draping the stairway  
Mistletoe being hung in the doorway

Mom and Grandma baking seasonal bliss  
While the children play together make their holiday list  
But if you ask me what this season means  
I'd take you back to the nativity scene

Oh hear the...

**Church bells ring**  
**Everybody's singing**  
**Christmas carols in whatever key they hear it**  
**Hopes are high, Love's in the air**  
**'Cause Christmas is callin', Christmas is callin'**  
***(repeat)***

More than a Christmas tree  
More than the lights you see  
More than the star atop the tree  
Is the Spirit of Hope at Christmas

Just like the angels sang  
‘Glory to the newborn King”  
A special gift that heaven brings  
The spirit of Love at Christ - mas!  
Christ - mas!

**Church bells ring  
Everybody’s singing  
Christmas carols in whatever key they hear it  
Hopes are high, Love is in the air  
‘Cause Christmas .....**

**Don’t you know the church bells ring  
Everybody’s singing  
Christmas carols in whatever key they hear it  
Hopes are high, Love’s in the air  
Because Christmas**

**Christmas is callin’ you.....**
